

Breast Cancer UK Campaign

Champion are donating £250 to Breast Cancer UK for every special edition FM7/CT/270 and FM11/CT/270 sold throughout November and December!

Plug and Play:

- No need for interconnecting pipework
 - Connect power supply
 - Connect to Network

Clean, dry air ready to use!

Flexible Compact Design- Ideal for small/medium air demand. The Champion 7.5KW and 11KW CT/270 range come with 3 filters and drainage. This range are one of the smallest and quietest compressors on the market, as well as being easy to maintain and install.

NEW C-Pro 2.0 Controller- Monitors and protects your compressor system.

Modular Design and Auto Belt Tension- Ensures quick and easy low cost maintenance of your machine.

Reliable and Energy Efficient- Optimized cooling system up to 46°C ambient temperature. Best performance and reliability under the harshest of conditions!

ID Numbers:

FM7/CT/270- CC1204149

FM11/CT/270- CC1204150
